## SAFETY

The boat is powered by a single engine with up to 400 hp or a twin engine with up to 500 hp. There is no better guarantee for safe travels in all kinds of water and wind conditions. On board, the asymmetrical console leaves ample space to easily reach the foredeck by the starboard side. And of course, the Activ 875 Sundeck's offer a stable and spacious deck to move around on.

## COMFORT

With the Activ 875 Sundeck, there's enough sundeck for everybody. The cockpit seating converts into a 1.9 x 1.6 m sun lounge with direct water access while the bow area measures a record-setting 2.25 x 2.25 m sundeck with adjustable backrest. That's as big as it gets in this category of boats. Meanwhile, the cabin holds anything else you might need, like a marine toilet and shower. The cosy cabin seating and dining area with beautiful view over the water is conveniently equipped with an optional fridge and microwave.

## DESIGN

The Activ 875 Sundeck's design is a triumph of aesthetics and space efficiency. Take the helm, with its stylish glass windshield and classy dual seat. When you slide the seat forward on its rails, a galley with integral sink, cutting board and an optional stove or grill reveals itself. The cabin makes the most out of the available space with a U-shaped lounge that converts into the main berth. Design lovers will appreciate the privilege pack filled with exclusive design features.

## VERSATILITY

An L-shaped cockpit lounge that converts into a large sundeck or a dining area, with a galley at hand. Not bad, right? Wait, there's more. Water sport fans put the engine's horsepower to good use by adding a ski pole to their configuration. Another option? Just flip up the foredeck chaise sun lounge and relax. The cabin area is ideal for eating in, relaxing and sleeping.

Along with you behind the wheel, there's room for up to 8 passengers who want to soak up the sun.

# ACTIV 755 CRUISER

## SAFETY

The Activ 755 Cruiser is powered by a single outboard Mercury engine with up to 300 hp, ensuring secure and agile navigation. Accessibility features include a wide cockpit entry, smartly positioned handrails all around, easy walking access from bow to stern and swim platforms to slide into the water. With its deep cockpit, the boat is also suitable to take children along for a safe ride. A full windscreen with windscreen wiper adds to the weather protection.

## DESIGN

Its distinctive external lines give the boat an uncluttered, smooth and sporty look. Eye catchers are the bicolour helm, the sleek windshield and the new electric blue hull colour. Smart design created room for integrated armrests with cup holders, a cockpit galley for outside cooking and invisible canvas storage. The cabin makes the most of the available space and light with a roomy berth, large windows and integrated storages.

## COMFORT

Passengers are well taken care of wherever they are on the Activ 755 Cruiser. The large cockpit lets you enjoy being outside and on the water as much as possible. It includes a fully galley with sink, LPG stove and refrigerator. Large swim platforms provide easy access to the water and wide steps do the same for cabin entry. The cabin boasts room for 2 to spend the night and see the sun rise through its wide side windows. Plus, there's an optional full enclosed marine toilet.

## VERSATILITY

How do you like your cockpit area? Its adjustable reclining bench offers 3 configurations: up, chaise lounge and extra-large sun lounge. These let you choose from a multitude of activities: talk, dine, relax, read, sunbathe, you name it! The co-pilot seat has a dual function as well. Sit down in the forward-facing seat or use it to extend the seating area and sun lounge. Want even more space? The foredeck transforms into a sun lounge, too.

## SLEEK, SPORTY AND SPACIOUS

The Activ 675 Cruiser combines a sleek design with a sporty set-up and smart use of space. That makes it hard to tell who will have the most fun: you as the captain or the friends and family you bring along? There's room for up to 7 people who love to cruise and soak up the sun.

Length Overall (m)	6,40
Beam Maximum (m)	2,46
Height - Without Canvas (m)	1,83
Dry Weight (Kg)	1234
Fuel Capacity (L)	230
CE Design Category	C
Maximum Number of People	7
Maximum Power (HP / KW)	225 / 165

## SAFETY

A clearly defined step-out area tells all passengers where to enter and exit the boat. This allows you to get in the boat in a fast and secure manner. Once on board, there's easy walking access from bow to stern. And if you want to go for a swim, the large swim platform is the way to go. An ergonomic helm station and a deep cockpit make sure captain, crew and kids are safe at all times.

## COMFORT

Large portside steps give easy access to the foredeck. This unique deck layout frees up space in the centre of the boat. And that is where you'll find a semi-transparent door. Slide it open to enter the U-shaped cabin that converts into a comfortable double berth. Ample light and ventilation are provided through the translucent cabin door, an opening portlight and a deck hatch. Back outside, the helm can be equipped with SmartCraft instrumentation and, a high tech 9-inch GPS.

## VERSATILITY

Most of the action on the Activ 675 Cruiser happens in the cockpit area. The double, bi-directional co-pilot seat makes it possible remain face forward when cruising or extend the social area to spend time together. Over dinner, for example. And if you add the starboard flip seat to your boat configuration, even more people gather around the cockpit table. The cockpit can be turned into a sun lounge within minutes. And, if you put the aft seat down that sun lounge becomes even bigger.

## STORAGE

Storage space is integrated below the swim platform and underneath the cockpit seats. All of that space is available to store away personal belongings. The fenders, and even the optional canvas all have their own dedicated storage space. Of course, you'll find even more storage room in the cabin.

## SMART EDITION

Be sure to get what you need: the Smart Edition is based on the options that are the most frequently requested by our customers.
